

SPECTRUM

HEALTH CARE

November 20, 2017

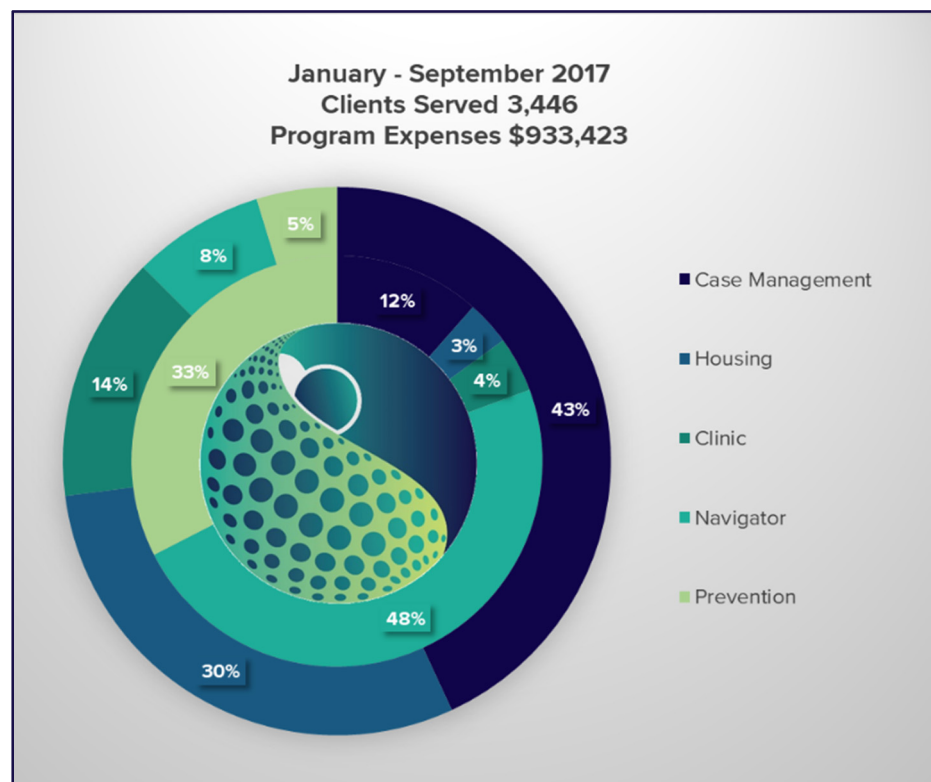

Dear Friends:

We are writing to ask for your support with funding our mission. For 25 years, Spectrum Health Care (formerly Rain-Central Missouri, Inc.) has been your leading HIV/STD/I prevention resource focused on education, early detection and compassionate care facilitation in our large, mainly rural, 37-county service area.

Our mission is to provide comprehensive health education, early detection and care services. We accomplish this by providing a full spectrum of case management, housing, prevention education and clinical services for more than 4,000 individuals per year.

The graphic depicts the percentage break down for 3,446 unduplicated individuals served by program entry for the first nine months of 2017 (outer ring); additionally, the graphic shows the total cost of the program operation relative to the numbers served (inner ring).

We anticipate a dramatic increase in the number of individuals engaged in services through the Clinic. Our projected 2018 number of persons served will top 5,000 served across the entire North Central Region.

Spectrum Health Care is committed to tackling health disparities and inequities in access to health care that affect our clients and the communities we serve. We believe that if we can change the health care experience in our service region, everyone will feel safe, welcomed and affirmed and more likely to seek care.

Your Health In Full Spectrum!

Moving forward into 2018, to that end, we pledge to strategically:

- Provide high quality primary care services from our Health Services Clinic to improve and increase access to care for those not engaged in care due to stigma and other barriers.
- Develop and train a rural network of primary care providers dedicated to providing culturally competent and affordable health care services for our clients.
- Meet gaps in primary care for our clients with HIV/STD/STI and Hepatitis C, particularly in the more isolated and rural counties in our service region.
- Continue to provide free HIV/STD/Hepatitis C prevention education and testing services to all persons at risk.

Enclosed find a pre-addressed envelope and donation form for your convenience. You may also make your donation online at: www.spectrumhealthcare.org. Spectrum Health Care is a nonprofit, tax-exempt organization and your donation may be tax-deductible.

Your generous support will ensure our agency meets the needs of our community. We look forward to our ongoing partnership!

"Where better Health and Compassionate Care Meet"

With much gratitude,

Cale Mitchell
Executive Director
